

# Wyre Forest District Collaborative

## Key Project Focus areas this quarter & update on progress:

- Standing item – member organisations pressures and how the collab can help. Comms and shared learning remains key. Promotion of services to increase uptake ( e.g the Living Life to the Full service)
- Completed the Warmth on Prescriptions project
- Completed the commissioning of the Family Coach project
- Completed the recruitment of the Collaborative Project Officer
- Explored the collective opportunities within the Collaborative Practice approach
- Inputted to the “Taking a Whole systems Approach to Healthy Living”
- Shared learning for Bowel and Cancer Screening- how we can promote
- Shared PCN Enhanced Services obligations and discussed how the Collab could best help.
- Agreed to create central resource for local provision of services – WFDC website & ensuring links to updated Community Services Directory- Huge amount going on, but not known about
- Agreed to move to all meetings being Face to Face (was 1 in 3)
- Preparing for Autumn Showcases
- Supporting Education attendance programme Re-Engage

## Key partners involved:

- Regular Collab Partners – WFHP, WFNIP, WFDC, Onside, Simply Limitless, Age UK, Public Health, Police, Housing, others by invitation eg Education

## Outcomes expected:

- Project officer will give much needed capacity to District Collaborative work
