## Calling Worcestershire Community Wellbeing Roles

**Develop your skillset and help amplify  
community voices in health and wellbeing**

Worcestershire VCSE Alliance is coordinating the development of a community research framework and training modules for the VCSE sector in Worcestershire to support professional development, linked to the principles of [Research-Ready Communities](#). Our aim is to expand the reach and influence of voluntary, community and social enterprise organisations, and provide a free professional development opportunity in community research practices.

People working in Community Wellbeing Roles (ie. Social Prescribers, Community Builders, Mental Health Link Workers etc) are well-placed to help the development of a research-led approach to policy- and decision-making that prioritises community voices in health and wellbeing. The success of this project will only be possible with your help.

To find out what current views on research in the sector are, and to provide a baseline for the development of the training materials, we are inviting answers to this [short questionnaire](#). It should take about 5 minutes to complete

Completing the survey does not commit you to any further participation in the project. If you would like further information, or are interested in supporting the co-

development of the project, you will be able to register this at the end of the survey.

Or, you can email Branwen, [Community Health - Research Training Lead](#) to express interest or ask questions. You can also pop along to the [Community Wellbeing Roles Monthly Check-In](#) on the 19<sup>th</sup> December to meet Branwen.

### Contact Branwen

### Complete short questionnaire

Attend project briefing - 12th Jan 2pm online

**Worcestershire VCSE Alliance**  
**Voluntary, Community and Social Enterprise**  
 The Alliance is a newly formed collective of 25 representative Voluntary, Community and Social Enterprise organisations with a mission to build a **stronger VCSE sector** working together effectively to deliver excellent services aligned to need.

**Better done together**  
 We work alongside statutory agencies using our influence and insights to bridge the gap that exists between voluntary and public sectors, helping to improve public services to better meet the needs of our local population.

**Learn about Integrated Care**  
 The Worcestershire VCSE Alliance is an integral part of the Integrated Care System (ICS), a partnership of NHS organisations, local authorities and others to take collective responsibility for planning services, improving health and reducing inequalities across the county.

**If you have any questions or comments,
