

Calling all VCSE organisations supporting older people - tell us about your services by 2nd October

The Herefordshire and Worcestershire ICB Frailty Programme team are undertaking a stocktake of services that are currently in place to support older people in relation to frailty. The findings will help the team

understand where gaps are and what could benefit from additional funding in order to support their key workstreams, which are:

Prevention
Identification
Management
Workforce

In order to provide an overview of where the sector is currently supporting, we would be very grateful if you could complete the following form for your organisation so that we can produce a combined response.

Submit your response here by
Monday 2nd October

Share with other VCSE
organisations to contribute
